

Marshy Point Nature Center

Who are we?

A facility of the Baltimore County Department of Recreation and Parks, the center provides public programs with the support of a non-profit Council of community volunteers. Marshy Point staff are public employees who design nature-oriented, hands-on field trips and programs for all schools in the Greater Baltimore area. Program leaders include staff naturalists and trained volunteers. Pre-K to adult, we tailor each trip to suit your needs, getting kids of all ages outdoors and learning.

Aside from field trips....

- Marshy Point Park is open every day sunrise to sunset and features a scenic overlook, canoe launch, and over 3 miles of hiking trails.
- Marshy Point Nature Center is open 9 am to 5 pm and offers programs for families throughout the year (weeknights and weekends). To learn more, visit our web site!

Marshy Point Summer Programs for Schools and Groups

Programs at Marshy Point

Outreach Programs at Your Location

Nature Story Time for Pre-K to Kindergarten, 1 hour

Children learn about animals by exploring their habitats and meeting them up close.

Critter Talk, Our Local Wildlife 1 hour

What kinds of animals live in Maryland? Have an up-close encounter with the animal stars of Marshy Point Nature Center to find out.

Reptiles and Amphibians of the Marsh 1.5 hours

Meet snakes, turtles, frogs, toads, and salamanders. We will take a hike to explore their habitats and find them in the wild.

Native Americans of the Chesapeake 1.5 hours

Investigate the world of the Woodland Algonquin. Who are they? What did they eat? How did they live? This program includes hands-on participation.

Custom or Scouts Program 1 to 2 hours

Programs on this list can be customized to your needs. Includes home school, Scouts, and other groups.

Canoe Ecology Trip 3 hours, age 8 and up

Our shallow creek is the perfect place to experience the watershed from the Bay's point of view. Our certified staff will have your crew paddling like pros while learning about the watershed.

Netting at Iron Point 2 hours

Explore the ecology of Dundee Creek by getting in it! We will pull nets to sample fish and other creatures.

Worm and Bobber Fishing 1.5 hours, age 7 and up

Fishing with hook, line, and sinker. We will learn the basics of fishing and how to catch and release some common fish.

Amazing Insects, Honeybees, & others 1.5 hours

Discover the world of insects. Hike to observe hoppers, crawlers, stingers, swimmers, and fliers.

Birds of the Marsh 1.5 hours, age 7 and up

Meet and learn about some of the common birds at Marshy Point. Includes a habitat hike with emphasis on adaptations for survival and identification.

Critter Talk, Our Local Wildlife 1 hour
